

**TBI Newsletter March 2014**

**Seminars, Meetings & Workshops**

---

[TBI Seminar Schedule](#) (Seminar is at 3:10pm, 108 Plant Bioscience Building)

**3/24** Matthew Fields, MSU, *Hydrogenotaxis and Cooperative Resource Sharing*

**4/7** Frank Roberto, Newmont Mining Corp, *Biomining of refractory gold and copper sulfide ores*

**4/14** Bill Inskeep, MSU, TBA

**4/21** Trent Northern, Lawrence Berkeley National Lab, TBA

**4/28** Robert Powers, University of Nebraska, Lincoln, TBA

**5/5** Yukari Maezato, PPNL, *Study of Catabolite Repression in Archaeon *Sulfolobus solfataricus**

[Chemistry & Biochemistry Dept. Seminars](#) (Seminar is at 3:10pm, Byker Auditorium, CBB)

**4/1** Robert Hettich, ORNL, Byker 2:10pm, TBA

**4/4** Chris Voigt, MIT, *Towards Genome-Scale Design*

**4/25** Harry Dailey, University of Georgia, TBA

[Micro Seminars](#) (Seminar is at 4pm in 125 Linfield Hall)

**4/8** James Mckinlay, Indiana University, *The physiology of a biofuel-production bacterium at work, rest and play*

[CBE Seminars](#) (Seminar is at 4:10pm, 321 Roberts Hall)

**4/10** Undergraduate Research Day

**4/17** Heidi Smith, PhD candidate, "The role of microbes in microbial synthesis and transformation of dissolved organic matter in glacial environments"

**4/24** Valerie Copie, MSU, NMR metabolomics: Applications to the global profiling of microbial metabolites

**National Meetings**

---

[Geological Society of America Joint meeting of Rocky Mountain and Cordilleran Sections](#), to be held here in Bozeman from 19–21 May 2014. Early **registration deadline April 14.**

[10th International Congress on Extremophiles](#), Sept. 7-11, St. Petersburg, Russia. **Abstract submission deadline: 4/15, early bird registration deadline 6/1.**

[NorthWest Crystallography Workshop](#), June 20-22, Oregon State University. **Abstract deadline: 4/30**

[Goldschmidt geochemistry conference](#), Sacramento, California, June 8-13.

[ISSM 2014: Call for Abstracts](#) ISSM 2014 is seeking presentations on the newest developments in subsurface microbiology and microbial ecology. **Abstract Deadline: April 1, 2014.**

### **Awards & Press**

---

Jayme Feyhl-Buska, an undergraduate member of the Boyd Lab, has been accepted into the competitive 2014 Tengchong PIRE Undergraduate Research Experience. Miss Feyhl-Buska will spend 10 weeks in China at Tongji University in Shanghai, China. Congratulations Jayme!

### **Employment**

---

Postdoctoral fellowship is available at the Pacific Northwest National Laboratory for investigating cellular mechanisms at the molecular level, using quantitative high-resolution fluorescence microscopy and transcriptomics approaches. - See more at:
